

Welcome Back! I hope everyone had an enjoyable and relaxing Summer.

The Junior High students have really enjoyed the "new" school's air conditioning. It has kept us cool as we work hard learning new math concepts.

The 6th grade students have recently finished Chapter 1- Numeration and are currently working on Chapter 2 Variables, Expressions and Properties. They continue to do a great job!

The 7th grade students finished Chapter 1-Variables and Equations and are starting Chapter 2 Integer Operations. They will be completing a project at the end of the chapter.

Some important dates to remember:

- Oct. 2-----Walk-A-Thon /11:30 Dismissal
- Oct. 7-----Mid-Terms go home
- Oct. 12-----PTA Meeting @ 6:30p.m.
