INSIDE THIS ISSUE:

2016 – 2017 School Year
Planning in the Works

2016 Comes to a Close - Planning for 2017 Year Begins

While this year draws to a close, we take time to reflect back on all of the tremendous happenings from another exciting year at Taft. Our Vikings have done us and their families proud.

We have had many reasons to celebrate, including numerous sport accolades, continued academic growth with most of Taft's students showing average to above average growth on Discovery Education Assessments, and the coming graduation of Taft's 107th graduating class. While we celebrate so many amazing events, we would be remiss if we did not also thank you as the parents, guardians, or other adult caregivers in the lives of our students for giving of your time and talents by volunteering and participating with activities such as PTA, WatchD.O.G.S., Taft Athletic Association, Taft Foundation, and the scores of activities held at Taft each year.

Scheduling of classes will take place throughout the summer months, but we rely heavily on your timely registration of your child(ren). As of April 29, 2016, we still have received registration forms for approximately students.

If you have not done so already please complete the registration process promptly. You are also encouraged to request applications for free/reduced lunch (FRL). Families who qualify for FRL also receive partial (reduced) or full (free) waiver of registration fees if qualified.

Should you have any questions or specific academic need requests for your child, please be sure to contact the main office at 815-838-0408.

Finally, as my time at Taft draws to a close, I want to extend my sincere appreciation for the opportunity to have worked with amazing students, an exemplary staff, and a supportive community. The Board of Education is working hard to finalize its selection of your next superintendent, and I am certain more information will be forthcoming shortly.

I wish you and yours the very best, and remain very truly yours,

Dr. DJ Skogsberg
